LEECH LAKE BAND
OF
CHIPPEWA INDIANS

CULTURAL RESOURCES PROTECTION ORDINANCE
ORDINANCE NO. 96-03

BE IT ENACTED by the Leech Lake Reservation Tribal Council:

Section 1. Short Title. Sections 1 though 12 may be cited as the "Leech Lake Reservation Cultural Resources Protection Ordinance" or "CRPO."

Sec. 2. Findings. The Leech Lake Reservation Tribal Council hereby finds and declares that:

(1) the spirit and direction of the Leech Lake Band of Chippewa Indians are founded upon and reflected in its cultural heritage;

(2) the cultural heritage of the Band should be preserved as a living part of our community life and development in order to give a sense of orientation to our people;

(3) cultural properties and burial sites, both inside and outside the boundaries of the Reservation are being lost or substantially altered, often inadvertently, with increasing frequency;

(4) the preservation of this irreplaceable cultural heritage is in the interest of the Band, as its past is a precious resource, one that is still alive today in language, music, stories, and traditions. The Band's cultural heritage must be preserved so that its vital legacy of cultural, educational, aesthetic, inspirational, and economic benefits will be maintained and enriched for future generations;

(5) in the face of ever increasing development within and near the boundaries of the Reservation, a tribal ordinance is necessary to ensure that future generations have a genuine opportunity to appreciate, protect, and enjoy the rich heritage of the Band;

(6) increased knowledge of the Band's cultural resources and the establishment of better means of identifying them and fostering their preservation will improve the planning of federal, Tribal, state, and other projects, will promote economic growth and development, and will expedite project implementation; and

(7) although the federal and state governments have shared primary responsibility for cultural resource preservation in the past, and both must continue to play a
role, it is essential that the Band expand and accelerate its cultural resource preservation programs and activities.

Sec. 3. Policy. It shall be the policy of the Leech Lake Reservation Tribal Council to:

(1) use culturally appropriate measures to foster conditions under which modern society and the cultural resources of the Band can coexist in productive harmony and fulfill the social, economic and other requirements of present and future generations;

(2) provide leadership in the preservation of cultural resources on the Reservation;

(3) administer Reservation cultural resources in a spirit of stewardship and for the inspiration of present and future generations;

(4) contribute to the preservation of off-Reservation cultural resources and give maximum encouragement to organizations and individuals undertaking preservation by private means; and

(5) assume the functions of the State Historic Preservation Officer within the Reservation to the maximum extent authorized by 16 U.S.C. § 470a(d).
