Tribal member input sought on the Wolf Management Plan for the Leech Lake Reservation

The Eastern Timber Wolf was recently removed from the Endangered Species List and its management returned to Tribes and the State of Minnesota. For this reason the Leech Lake Band’s Division of Resources Management is in the process of developing a Management Plan for wolves on the Reservation. We are seeking input from Leech Lake Enrolled Band Members on this Plan. A copy of the draft plan is available on the Leech Lake Reservation Bands Web site at www.llojibwe.org or you can stop by the DRM for a copy. You can also request a copy be mailed to you by calling the DRM at 218-335-7400 during normal business hours. We will also be providing a standardized input form for your convenience. The Draft Plan is based upon previous input from Band Members, the Natural Resources Advisory Committee, and Tribal Council Resolution. We look forward to your comments on the Plan. Input form on back page.

Kids Perch Jerk a Success

Since its inception in 2004 the Leech Lake Band of Ojibwe’s annual ice fishing tournament for the area youth has been an event that has brought our kids together for a day of fun, games, prizes, food, and fishing. This year there were 582 kids registered for the day long tournament. There were bike give-aways 345 fishing poles given out, toys and door prizes offered, all in the name of doing something fun and positive for our children. Leech Lake would like to thank all of the venders that participated as well as the great volunteers that drilled fishing holes, cooked, registered kids and helped out in many ways. Special thanks to Pat and Rhonda from Denny’s Resort for all of the minnows, plowing, and sponsorship this couldn’t have happened without them.

$500 reward for information on stolen wild rice

Over the weekend of March 17-18 a large quantity of wild rice was stolen from the Leech Lake Band. A reward of $500 is being offered for information that results in the recovery of the rice, the apprehension, and conviction of the person(s) involved in this theft. If you are aware of anyone who is trying to sell large quantities of rice or is in possession of white, 50-75 pound bags of rice you are encouraged to contact the Tribal Police Department at 218-335-8277. You can remain anonymous. Release prepared by: Department of Public Safety Division of Resources Management.

Richard Schuman

My name is Richard Schuman. I am running for Tribal Chairman because I strongly believe in one main principal fundamental and that is that we will grow and have a direct affect on each of us as members of this reservation. That principal is the need for a system of checks and balances that is an absolute requirement in any tribal government. It is an absolute prerequisite that a government that wants to move forward and truly represent the will of the people.

I believe that in order for the Leech Lake reservation to be successful and grow, our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people.

I believe that in order for the Leech Lake reservation to be successful and grow, our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people. Our government needs to be a system that wants to move forward and improve the quality of life for all of our people.
Delmar Veam Iii “CHANGE STARTS HERE”

Hello, I am Delmar Veam III and I would like to have the opportunity to serve Leech Lake as Chair. As a college graduate, I look forward to applying my knowledge, youthful creativity and strong will dedicated to serving Leech Lake and our people effectively.

The platform on which I ran is called, “Two Simple Changes.” The first change is the removal of a policy called Employment At Will. This policy gives the tribal council the right to hire and fire anyone with no reason. This policy has been used and abused for decades and we have all been witness to employment terminations for no reason. We are ready to end this shameful practice, once and for all. Employment At Will, gives the Tribal Council the power to hire and fire without any accountability to the people. This policy has corrupted our employment, our politics, and our leadership.

Employment At Will, allows the Tribal Council to appoint their friends and family members. They have told us that they have no idea how to do this. This is why our divisions, programs, departments and service providing agencies suffer and struggle due to lack of credit to hire and fire anyone. The removal of this policy will immediately return job security to Leech Lake.

The days of lying in fear, worrying about being fired for no reason or not being in good with the Tribal Council will be over. We will have our voice back. It is easy to remove this policy it is a simple tribal Council resolution and then Leech Lake will have to follow its policies once again. This means, Native Preference will be upheld, the tribal Council will be prohibited from providing an equal opportunity to work and advancement. It removes the politics from our employment.

The second change of my platform is the creation of a Grand Council. The Grand Council will provide a safe avenue for everyone to speak and be heard without fear of being fired or abused by the Tribal Council. The Grand Council should be elected by the people in the manner and the mass firing following elections, it is immoral. The Grand Council establishes certain leadership traits, the main trait being morality; the ability to identify the right from the wrong to stand against or for those ideals on behalf of our people. Our government is broken due to the lack of moral leadership in the tribal Council that can put our people first.

My opponents will speak of change; they may even offer opinions on how they would do it. But every election year those changes never come and promises are left empty. When I look at the names of my opponents, there are commonalities, the majority if not all of my opponents have been involved in some way or another with Government. Some are the status quo, and perhaps educated and influenced by the grout of politics. I am not influenced by politics and government. I believe in me not because of the credentials or the platform i’m running on. But in me and the voice of the people, the voice of change.

My opponents may see my lack of experience in politics as a negative, but I believe that is why I should be your chairperson because I am not affected by inner workings of politics. To be a chairperson, you must possess certain leadership traits, the main trait being morality; the ability to identify the right from the wrong to stand against or for those ideals on behalf of our people. Our government is broken due to the lack of moral leadership in the tribal Council that can put our people first.

My grandfather, Bernard Rock and mother Bonnie, taught me to care about our resources, our family, our friends, and our people. They taught me to be honest, to be hardworking, to stand up for what we need and believe in the unity of our people not just for us, but for our children and future generations. These influences qualify me to be your chairperson.

The Tribal Council needs honesty, accountability, and consultation to move forward. Part of my campaign is to truth the tribal Council and the Tribal members into the future. Excellent American, and above all, I am a chairperson for our people. I am a committed advocate for our people. I believe in our people and support their decisions; I am dedicated to you, my family and the tribal community. We all know having kids changes your perspective, on life, and makes injustice and poverty intolerable. I see too many of our people struggle just to survive and too many kids grow up on their dreams for a better life. I have been involved in the business of Government and the status quo, and perhaps educated and influenced by the grout of politics. I am not influenced by politics and government. I believe in me not because of the credentials or the platform i’m running on. Believe in me.
Ron Hare

for District III Representative

My name is Ron Hare. I want to announce that I will be running for District III Representative for the Leech Lake Band of Ojibwe. I am an enrolled member of the Leech Lake Band of Ojibwe. I have been an employee of the Leech Lake Band of Ojibwe Housing Authority for 9 years, and as a District Commissioner, a position I have held for the past 4 years. In January 2012, I understood the need for housing for all Leech Lake enrollees. I want to tell you that I have lived in the Leech Lake area all of my life. My job experiences have taught me about the issues we face at Leech Lake, and not just with the problems we face but also with the opportunities we have to make a better life for all of us.

Volunteering has also been a priority of mine for the past half-decade or so. I primarily work with our youth mostly through sports teams and various sporting events. Seeing our kids respond in a positive way is one of the most rewarding things I have ever been a part of. When it comes to my commitment to community involvement, I have seen first-hand how kids start making better choices, gain confidence, and increase their sense of belonging.

I am a strong believer in the issues that are near the top of my agenda. I want you, as well as myself to be part of all the needed changes, and I will continue to make some of your wishes come true. Be a part of these changes by assisting your district representatives in meeting your needs.

I want you for allowing me the opportunity to be part of the changes that are about to come.

Thank you very much. Your vote for me is a vote for yourself.

John Johnson

for District III Representative

My name is John Johnson and I would like to thank everyone for taking the time out of your day to read my article. I would also like to thank the local newspapers for publishing this article. I am running for District III Representative. In order to be elected I would be the best for you because I can for you things here in the Leech Lake reservation. My main priority will be for getting the right education programs and plans for creating new jobs and to be a productive and healthy nation. The past year I have been dedicated to seeing that the things that are happening here in the Leech Lake reservation.

I am a good communicator, well educated in business education, very interested in what may be the future, and long term wellness on our reservation, and if elected to be of District III Representative I will ensure that your voice will be heard as we move forward together.

John Johnson continued

John Johnson continued to make lake citizens. I will exceed the opportunity that is projected of me. The legislature to work with the lake lake members all of our nation.

I would like to say I will always be there at the office however there are the times that I may not be because I will always return calls no matter how minor they are and I will have my phone available for people to call. This is to show that I care. I have received a lot of feedback from hearings and demonstrations that are a concern to all of us. I will always be honest and straightforward and if there is no funding available I will really assist you and I will always pass on the knowledge I receive from the ongoing hearings and demonstrations that are a concern to all of us. I will always be honest and straightforward and if there is no funding available I will really assist you and I will always return calls and hear back from you.

I would like to state that I would like to be the true representative for the people. I would like to state that I would like to be the true representative for the people. I would like to state that I would like to be the true representative for the people. I would like to state that I would like to be the true representative for the people.

I would like to state that I would like to be the true representative for the people. I would like to state that I would like to be the true representative for the people. I would like to state that I would like to be the true representative for the people. I would like to state that I would like to be the true representative for the people.
Eugene "Ribs" Whitebird
Leech Lake Band of Ojibwe
District 3 Representative
Re-Election

I was honored with the peoples trust when elected Leech Lake District 3 Representative in 2008. I have worked hard these last four years not only for my district but all our band members in the last four years. I have learned a lot, and working with the full council we have accomplished a lot. I believe it is extremely important that because we have so much more we can accomplish. I look forward to meeting with the band members to talk about issues, their needs, accomplish these last four years as well as more what we still have to do. I have some political issues that have slowed us down because. I believe in open and honest Tribal Government so I will continue to fight for our system work better for the people including creating needed reforms.

I have lobbied Congress for Federal funding for Leech Lake Band. That is one way we ensure Leech Lake receives its fair share of the resources. I will continue to fight for a new Benaugongzeh High School which is in need of replacement; other areas of importance include our exercise of our treaty rights, unemployment, gangs and drugs are some of the challenges we face. We have many talented young people guiding our youth and helping them with achieving their goals. Which people running would have to interact with the youth and that would lead to more people guiding our youth and helping them with achieving their goals. Which people running would have to interact with the youth and that would lead to more people guiding our youth and helping them with achieving their goals. Which people running would have to interact with the youth and that would lead to more people guiding our youth and helping them with achieving their goals. Which people running would have to interact with the youth and that would lead to more people guiding our youth and helping them with achieving their goals. Which people running would have to interact with the youth and that would lead to more people guiding our youth and helping them with achieving their goals.

I am seeking reelection because I know we have much more we can accomplish. I look forward to this campaign and the opportunity to sit down with my community trying to make change before he/she is in office.

Vote Michael Reyes for District III Representative

Hi my name is Michael Reyes and I am running for District 3 seat. I am 28 years old and have lived on the Leech Lake reservation my whole. Most of my life I have lived in Cass Lake. The few other places I have lived, Onamah and Big Lake. My Father and Mother are Mark and Jonnie (Win) Reyes, 2 brothers and sisters. Cindy Madigan
Boozaho Indinaweymugeni

My name is Cindy Madigan. I was born in Cass Lake and raised in Onamah. My Dad is the late Myron and my Mom is the late Linda Turner. My husband is Bryan Madigan, we and our children are Kerla, Bryan Jr., Justyne, Jessica and Joseph.

We have been involved with the National Indian Gaming Association (NIGA), the Mid- West Alliance of Sovereign Tribes (MAST) and as direct services – all publicly serving Indian Country. I also have a bachelor’s degree. Having these experiences have greatly influenced my world view in Indian Country. Experience has provided me with established relationships and experiences that can leverage resources and more importantly, knowledge and experience of how to get something done and follow through to completion. I believe that we need an assistant living facility for our Elders but do they know how to accomplish that? Many mentions that we need more for our youth – and we do. What about the parents – what about families? Currently, my job is developing a 5-year project which focuses on under- dage substance use. This project will leverage much needed community-based resources for our Tribe. Because of my work experience and education, I have the ability and knowledge to re-structure and support what could be available in our communities of District III. We know that transportation, housing, education, unemployment, the outdated HIS drugs are one of the challenges we face. We have identified these for years. How many of our leaders have come to the table with experience of how to actually address these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues? How many leaders have come to the table with experience of actually addressing these issues?
