Minnesota Office of Higher Education Visits Leech Lake Tribal College

Cass Lake – In Late March the Leech Lake Tribal College hosted the Minnesota Office of Higher Education. The visit covered several issues having to do with the college, its current standing, and possible avenues of future progress for the growing institution. Leech Lake leaders were on hand to offer their insight to the conversation and to help give the Office of Higher Education Director and his staff perspective regarding the Leech Lake Tribal College landscape.

For all intents and purposes this was an informational visit for Mr. Larry Pogemiller. Mr. Pogemiller is the Director of the Office of Higher Education for Minnesota. He had previously served in the State Legislature from 1981 to 2011, and was the Senate’s Majority Leader from 2007 to 2011. He was Chair of the Senate Rules Committee and its subcommittees, and had also served on the Senate Tax Committee.

Leech Lake was represented by Chairwoman Carri Jones, as well as Mike Jones from the Office of the Chairwoman, District III Representative LeRoy Staples-Fairbanks, Leech Lake Tribal College President Dr. Don Day and Tribal College Director of Advancement Kyle Erickson.

The discussion began with future possibilities and directions that Tribal College President Don Day outlined. Dr. Day illustrated his ideas for growth and expansion which included: possible athletic program(s), student housing, study abroad

Chairwoman
CARRI JONES

From the Office of the Chairwoman: Financial Statement

Good morning (Hello) Everyone! It is my pleasure to provide you with another issue of the Chairwoman’s Quarterly Newsletter.

We welcome the start of our new fiscal reporting period, with high enthusiasm for spring. Like many of our members, I am aware of the challenges we face due to the knowledge and energy gifted by a long cold winter. I am excited to tell you about what the Council has accomplished over the last three months, and I am pleased to share how we have applied our energies within the organizational arena to move the organization forward. I also want to thank you for your continued support and your contributions to the development of this newsletter. It is important for us to keep the community engaged and informed about the initiatives we are working on.

The Tribal Council has made use of effective communication to build our internal capacity. The Tribal Council has continued to work on strengthening communication between Leech Lake’s government agencies. The organization continues to hold regular meetings, and we are working to increase our internal capacity. We have also worked to develop new partnerships, both within the organization and throughout the region. Additionally, the Administration continues to work on new and exciting strategies: Community Health, Economic Development, and Education. The focus of these efforts is important for Leech Lake Band members because you are the biggest stakeholders.

To strengthen internal capacity, we have worked to improve communication between Leech Lake’s government agencies. The organization continues to hold regular division director meetings and the organization continues to hold regular division director meetings and to share what the Council has learned over the last three months. These meetings are open to anyone who wants to learn more about autism from parents and experts in the field. We will continue these meetings on a monthly basis and we will invite guests who have been diagnosed with an Autism Spectrum Disorder. This is a supportive environment where we can connect with others who understand autism and are committed to improving our future as the bugs get worked out of the site.

We look forward to a very busy and productive fourth quarter with confidence.

Chairwoman’s Activity Report

Federal Sequestration

Since the Federal Government passed a bill that cuts federal funding to all programs by an estimate of 8.4%, divisions are working to find ways to fund these cuts. We are working with a number of federal agencies and the Tribal Council to help address community concerns in deference to the elected positions of our honorable colleagues.

Secretary-Treasurer Finn and I continue to work with our Finance and Budget Committee and the Tribal Council to help us with our internal capacity. This has lead to increased collaboration within the organization, more transparent and constituent inclusive. Please experience it for yourself.

The community members were in attendance and many brought their favorite dish to share. The council members prepared the dinner, organized and hosted the party. Several elders and community members were in attendance. A delicious feast was prepared and served by volunteers. All elders left before the end of the evening bearing gifts from “Santa”.

On December 8, 2012, several elders and community members were in attendance. A mini pow wow to celebrate the new year was held. The evening was heart-warming and special to all who participated.

During the month of January, we had many very cold days where our pets were in need of extra care. A Grant was submitted to PetSmart Charities by the ACO which provided pet food and supplies for pets in need. The community gathered together for a day of dancing, singing and sharing. The day was a great success.

In February, the Boy River Bridge construction work began. The bridge is scheduled to be completed by September 2014. This bridge is a critical link for businesses and residents in the area.

On March 14th, the Leech Lake High School administered a standardized test to their students. The results provided valuable information about the students’ academic performance.

The community was pleased to see the progress this year and we look forward to the next year’s event on February 20, 2014. The community is always grateful to hear new ideas, suggestions and comments, please feel free to provide input on the Facebook page: https://www.facebook.com/leechlake. In other news: The District II office has been working closely with the Animal Control Officer (ACO), Rory Haaland on making clinic information accessible and available to our loving pets. Rory is a blessing to our animals. He has provided numerous clinics at little to no cost to the Band or the pet owners.

Leech Lake Band of Ojibwe
District II Representative

Steve White

In January, much of our time was focused on planning the 2013 Kid’s Poker Jamboree that was held on Saturday, February 23, 2013. Numerous letters requesting donations were mailed, several staff members attended meetings during lunch hour to organize and delegate duties amongst the committee. We

Leech Lake Legacy participants.

On March 14th, the Leech Lake High School attended an educational trip to Chicago with their instructor, Ben Kinner. The District II office is pleased to support these inspiring youth musicians in their educational endeavors and wish them well on their trip.

Beginning mid-January our time was also focused on communicating with Minnesota representatives in the Washington D.C. to begin discussion and action plans with regard to Band priorities. The March issue of the Dahbahjimon reported on the 6th Annual Internship Program (Dahbahjimon Tribes) Impact Week, and the visit to D.C. during the appropriations committee meeting. Several meetings were arranged during these visits to convey our priorities to our elected Federal officials from Minnesota and a few that have a greater American Indian community nationally. During MAST impact week, I had the opportunity to share our story at the National Indian Education Office. These meetings were attended by many that have been supportive of Band priorities.

Beginning March 8, 2013 we are now accepting applications for the 2013-2014 academic year. This is a great time of year as we see the sap is running, and summer is just around the corner.

LLBO Announces Public Comment Period for Proposed General Assembly, Bylaws Revision, and Severance Resolution

Transferring to the Band membership informed and updated, the Leech Lake Tribal Council is placing three items to the general assembly ordinance as the Tribal Council considers altering the current decision-making process.

General Assembly

The first item for consideration is a general assembly ordinance. This ordinance would establish a process by which the Tribal Council could convene General Assemblies to consider legislative matters. The purpose of the General Assembly would be to provide a mechanism by which the Band members could be involved in major decisions that face the Band. The ordinance would contemplate providing a notice to Band members and allow Band members to participate in the decision-making process.

Bylaws Review

The second item up for consideration is a bylaws review. This review would consider the current bylaws and vote on issues.

Severance Resolution

The third item up for consideration is a severance resolution. This resolution would provide an opportunity for individuals to appeal the removal or recall from office and requiring the payment of any outstanding debts before severance payment can be made. A full copy of the draft ordinance will be discussed and voted on during the regular meeting of the Tribal Council. The ordinance would contemplate providing a notice to Band members and allow Band members to participate in the decision-making process.

LLBO Announces Public Comment Period for Proposed General Assembly, Bylaws Revision, and Severance Resolution

The Public Comment Period on the proposed General Assembly, Bylaws Revision, and Severance Resolution will run through October 31, 2013, and information can be obtained by calling the Leech Lake Tribal Council office at 218-335-8200. A public meeting will be held for the General Assembly, Bylaws Revision, and Severance Resolution no. 2013-72 on November 19, 2013.

Michael LaFriniere’s Exhibit goes to U of M State Competition.

Michael LaFriniere, a 10th grader at Bug-O-Nay-Ge-Shig School, recently competed in the Regional History Day for schools in Northwestern MN which was held in Bagley. Students from many schools displayed projects. Michael’s History Project Display titled, “A time to sign: the declaration of independence,” was one of only three senior exhibits to be chosen to move on to the state Competition. The judges for the senior division as well as the MN Historical Society staff were impressed with Michael’s project and the interview that he had with the judges. He will represent Bug-O-Nay-Ge-Shig School at the U of M on May 4th.

Bug-O-Nay-Ge-Shig Students Appear on Congresswoman McCollum’s Talk Show

During a visit to Capitol Hill in February Congresswoman Betty McCollum (D-MN 4th district) invited students from Leech Lake’s own Bug-O-Nay-Ge-Shig High School to join her on a talk show that she hosts, which can be found on her website at: http://mccollum.house.gov/media-center/videos

Watch as she visits with the students about every day life at school including the morning and afternoon commute (sometimes over an hour one way), extra circular activities, the importance of our language and traditions at the high school facility, and how the lack of Congressional support is affecting the kids and classes yet to come through the school.

What are YOU doing this summer?

Apply now for a Center of American Indian and Minority Health (CAIMH) Summer Program at UMD!

Stepping Stones to Health Careers

Are you in 8th, 9th, 10th, or 11th grade?

Come experience college life at the University of Minnesota Duluth!

July 7th-12th and/or July 14th-19th, 2013

Stay in the dorms, eat in the dining center, rock climb, use the fitness center, and more!

Learn about health careers while also experiencing fun Duluth attractions like a Huskies game, boat ride on Lake Superior, and Spirit Mountain’s adventure park!

High School Super Stars

Are you in 11th or 12th grade or a recent high school graduate who is interested in learning more about health careers?

Check out our High School Super Stars program!

June 17th-July 26th, 2013

Work in teams with doctors to solve medical puzzles!

Learn how doctors diagnose patients!

Meet Native American medical students and health professionals!

Tour local hospitals and clinics!

For more information on CAIMH Summer Camps and Programs please contact us!

Call (218)726-7235, email caimh@d.umn.edu, or visit www.caimh.umn.edu

Native Americans into Medicine

Are you a college student interested in health careers?

We’ve got a program for you, too!

Come to UMD to learn more about medical school and other health professions, while strengthening your skills in Chemistry, Anatomy & Physiology, Research and Math!

June 17th—July 26th, 2013

Native Americans into Medicine students also get the chance to meet Native American health professionals and tour local hospitals and clinics!

CAIMH activities are supported in part with funding from the Division of Diversity & Interdisciplinary Education, BHP, HRSA, DHHS (D18HP10618). UM CAIMH SSHC is through partnership with Fond du Lac Reservation DHHS IHS/NIH Native American Research Centers for Health (NARCH) Center for Chronic Pain, # U26IHS300411A.
