Talked about the Veteran's building and its need of a lot of repair and Toni Pemberton is working on this.

Toni Pemberton is doing the bidding process and she is going to send it out in an email and also advertise on the radio for the crowns and neck ties for the Braves.

The Master of Ceremony for this Pow Wow will be Dave Northbird and Ricky White.

The Spiritual Advisor will be Allen Hardy

Arena Directors- Bruce White/Ken Fox

Co-Hosts Drums – Leech Lake Nation & Big Red

Put out bids for the crown and Daniel Brown is the contact for that.

Royce Kingbird will be sending a bid for the pow wow

The Tribal Police will be there and they will send us a contract to help us and help the Police officers who are on duty for the pow wow that weekend. We also discussed that maybe ask for a couple of security guards from the palace to help out and put one at the front gate and the back gate to help with the control of the crowd. Another thing mentioned is that security checks will be distributed on that following Thursday so that we can verify the times of the security that worked the weekend.

A suggestion was made to get quotes from the Palace and Northern Lights for the food this year. Contact Sharyl Washington & James Brown

It was also recommended that we don't hire Art Jones back due to the fact that he wanted to get paid for being on duty for the clean-up crew and other things. We will have to find someone for this position.

We talked about the 3 on 3 basketball tournament and unfortunately Brady Fairbanks will be out of town on this weekend but Tara Novak will be available for this and she will run the boys and girls tournament.

We still need to ask Will Korpela to do the Horse shoe tournament and inform him that it will be two days of horse shoes and not one.
