

Pow wow meeting April 12, 2017

Jody Wind, Cheryl Johnson, Paula Morris, Geneva Lawrence
Nita Cloud, Gene Northbird, Maggi Jordan, Toni Pemberton
Leila Jones, Linda Bryan, Sydney Harper, Tina Comstock

Started off the meeting with bringing in a Security Application from the Cha-Cha-Bahning pow wow and asking them if they wanted to use them. The committee said this was a good idea and thinks we should go with this and ask for help from the HR division to take in the applications and process them for us. Will contact HR and see if they can do this.

Discussion on going is that the Pow Wow Coordinator is on the agenda for April 20, 2017 to inform the RBC what is going on with the Memorial Day Pow Wow. And also give them a list of names of what people are doing. Toni Pemberton will inform the committee of when they have to be up there; maybe like 10:00 or so.

Update on the Vet's Memorial Day Building is the color of the walls will be blue and they are replacing the toilets and showers. Another thought is that we need to work on emptying the septic before the pow wow begins, but also maybe have Jeremy Ince on call for the weekend just in case something should happen with the septic.

We need an electrician for the weekend as Larry Starr the one that was recommended would not be able to do the Memorial Day Pow Wow.
