Big Game Season & Seasonal Limits

- White Tailed Deer
  Bucks or Does
  September 1, 2021 to December 31, 2021
  One (1) Deer Tag
  Resident, Tribal, Non-Leech Lake Member
  One (1*) Deer Tag
  Leech Lake Enrolled Band Members
  *A Second “Special” Deer Tag may be issued to Leech Lake Enrolled Band Members.

Note: The DRM will be testing deer for Chronic Wasting Disease this fall due to the finding of the disease in a game farm near the reservation. Details of this sampling will be available in a separate document.

The Leech Lake D.R.M. and the Minnesota D.N.R. are in the process of rebuilding the deer population. You can help speed this process by avoid harvesting adult does this year. Adult does are the most important deer in a population because they will usually have twins, and the survival rate of their fawns is higher. The faster we recover the deer population the sooner we can start issuing additional tags again. Thank you.

- Black Bear
  August 28, 2021 to October 31, 2021 (One (1) per permittee)
