What should I know when dropping off a Deer Head?

- When cutting off the head, make sure to leave at least 4 inches of neck meat attached.
- Know the date and location of each harvested deer (maps will be provided).
- Provide the Deer Tag License Number for each head brought in.
- Please remove antlers prior to dropping off your deer head.

Raining White,  
218-407-2307

**Onigum:**
Gary White,  
218-252-2287

Cass Lake (evening & weekends only)
Jake Grandia  
218-360-9620

What is CWD? Can I get it?

CWD is an incurable deadly disease that in cervids. It spreads from direct contact and indirect contact. It can stay in the environment for years. It is unclear if people can contract CWD, but it is recommended not to eat meat from sick or CWD positive deer.
