Meeting called to order at 6:03 PM

Old Business:

POW-WOW, we haven't heard anything from the Tribal Council on if we will be hosting Memorial weekend Pow-wow. We will get a hold of Dist. III office to find out the status, we need to get going on this right away.

Bev will set up a meeting with other LIC's that host Pow-wow's to get their ideas on how to run a successful event.

New Business:

Easter, will we be having any events for the kids? We can make Easter Baskets and possibly an Egg hunt if there's not too much snow. If we have a Dinner it should be Potluck. Hold fundraisers every payday Friday until the event. Ask Tribal Council for assistance with our efforts.

Our building is coming along. We have concerns that were not addressed previous such as closing off the driveway to the home behind the building so that their traffic does not interfere with events traffic.

The staff for the building once complete, we want to have a say in who is hired as the concerns for trained personnel is a major priority. They need to know how to operate the heating/cooling system.

Will more trees need to come down for the parking area? We would like to keep the timber for benches and other items for the grounds area.

How is it decided who is hired for the construction job? Why are there not any band members working out there?

Bev will call the division directors and get answers for us.
