

MISSION LOCAL INDIAN COUNCIL

SPECIAL MEETING

April 10, 2014

Members Present: Donald Headbird, Karyn Wind, Bev Beaulieu, Leonard Headbird

Members Absent: Kimberly Needham

Guests: Ashley Headbird, Val Pacheco-Econ. Dev.

Meeting called to order at 6:42 p.m.

Bev brought documents that she received from Art Chase of Tribal Roads regarding the road construction. We need to get the landowners to sign so that they can receive payment for the land parcels that will be used in the road construction. If no signatures this time it will proceed without compensation to those individuals. Donnie and Jess will carry these to the people.

Mission LIC wrote a memo to Levi Brown of the Land department after concerns that Trees Resort had never been given permission to build the access road to County 33.

Val Pacheco gave us updates on the Community Center, it is progressing well and the anticipated completion date is May 26, 2014. Val showed us possible flooring systems and basketball boards. Val also stated that the parking might get completed this year as well.

The center will be open for the General Election and we can possibly hold a Grand Opening after that.

Mission LIC would like to get the letters of support from the various programs that said they would assist us and utilize the building to bring their programs to our community.

Mission LIC has concerns with the TERO program after several constituents have voiced concerns over their hiring practices. Bev had tried to get in touch with TERO and has not received any response.

Donnie made suggestions of possible developments for the tribe; possibly putting a hotel where Eagle View currently is located, and a Race car track near the Palace. Both enterprises could be good money makers for the band.

Bev will write donation letters to several companies to get items for our new center.

Mission LIC will be doing a walk- through of the new center with Val Pacheco on May 1, 2014 at 1:00p.m.

Mission LIC is looking for individuals who would be willing to donate their time to construct our benches out of the trees we salvaged from the center site.

Next regularly scheduled meeting is April 21, 2014 at 6:00p.m. Donnie Headbird residence.

Meeting adjourned at 7:50p.m.
