

Mission LIC Regular Meeting

September 15, 2014

Members Present: Donnie Headbird, Kimberly Needham, Karyn Wind, Bev Beaulieu,
Leonard Headbird

Members Absent: None

Guests: Donald Smith- Facilities Maintenance

Meeting called to order at 8:00 PM

New Business:

Mission Local Council along with Facilities Maintenance Manager Donald Smith viewed all areas of the new center taking pictures of the garbage laying all over the building and the dirty floors, this showed the new Facilities Maintenance Manager that the personnel for our building are not doing their job. We also informed Mr. Smith that prior to the new center being constructed we requested that whoever was hired for our building have HVAC training. The water is very bad at the center Mr. Smith will get the water tested and possibly get a water softener. Mr. Smith will look into getting some washable paint for the interior walls as they are getting dirty, he will also get us a different lock for one of the offices so that we may use it to store our property. We will not be loaning out property any longer as we are not getting them returned (tables and chairs). We will inform Donald Smith of our schedule of use for the building and give him contact numbers for all Local Council members.

We will be charging a usage fee for our building the fees will be as follows:

\$100.00 for band programs

\$150.00 for any personal use, \$50.00 will be returned once the building has been checked for cleanliness and damages.

Mission Local Indian Council would like to request garbage cans and lights be placed at the basketball court and new park on Porcupine Lane.

Jess will talk to Murphy Thomas and see what night's language and drum instruction will resume.

Mission Local Indian Council will be requesting funds from the Tribal Council so that we may have a Halloween Party.

Meeting adjourned at 9:25 PM
