garbage because of time constraints, we are unable to clean yards.**

Holiday or RTC Administrative Leave Schedule

If the Leech Lake DPW/Solid Waste Department has a Holiday or Administrative Leave on your Garbage Day, it will be normally picked up on Friday's as a make-up day. However, if we have two (2) days of like Monday and Tuesday, we will continue on our normal schedule for Wednesday but we will send an extra garbage truck on that day to do Monday's route. On Thursday's route will be on schedule but we will send the extra garbage truck to make up Tuesday's route. It all depends on what day we get off and the number of days we get off for that week but we have always made sure that we find a way to pick up every customer during the week because they have paid in advance.

If you have any questions, DPW/Solid Waste can be reached at (218) 339-5289 or Richard at (218) 214-6677. Thank you.
